## About This Game

Stophat is a charming arcade game about a rich man, his disobedient top hat and a falling golden lift.

Originally made in under 48 hours for the 14th gm(48) competition, Stophat is an imaginative take on the theme "top-down". There's some groovy bossa nova beats and Atari-style sound effects, dramatic lift-plummeting action™, and a play time of a whole 10 minutes.
